July Quarterly Report (4/1/16 06/30/16)

Dear Mr. Morse:

This letter is in response to your request for additional information concerning the 2016 July quarterly report of receipts and disbursements filed by 21st Century Leaders (the "Committee").

First, the Committee has amended its July Quarterly report to correct an inadvertent typographical error. The 6/6/16 independent expenditure for \$5,777, in opposition to candidate Lucy Flores of Nevada, was reported as Lucy Flores of Maryland. The amendment will change the candidate's state on that entry from Maryland ("MD") to Nevada ("NV").

Second, your letter noted the timing of the filing of the Committee's 24-hour report that was submitted on June 20, 2016. The Committee worked with a vendor to draft and develop a potential mailing related to the independent expenditures named in your letter. Due to the evolving nature of the Committee's plans, no final date was determined for dissemination. Ultimately, however, a miscommunication with a vendor resulted in the drafted mail piece being printed and disseminated without final approval from 21st Century Leaders. As soon as the Committee was made aware that the mail had been sent, it immediately reported the expenditure on Form 24. Unfortunately, the Committee became aware of the miscommunication more than 24 hours after dissemination.

While the Committee does not expect an error of this nature to occur again, the committee has reviewed its procedures for communicating with vendors, and has instituted a practice of using certain "clear terms" in future communications with vendors, so that approvals are not ambiguous.

21st Century Leaders takes seriously its obligations for disclosure, in particular the sensitive nature of expedited disclosure. We hope that the filing of the June 20, 2016 24-hour report will be viewed in the light of the Committee's prior record of timely filings.

If you need additional information, please don't hesitate to contact me at your convenience.

Sincerely,

Rodell Mollineau  
Treasurer
